INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Karen Cross

Date received: 6/11/2013

Subject: Protect Greyhounds

Dear Director,

The treatment of the greyhounds in the racing industry of NSW is appalling and something needs to be done. These animals have a right to live and to not be treated in this horrible and unfair way. They are such caring and affectionate animals.

There needs to be better management of this issue.

I beg you to take these issues into account and help protect these beautiful animals.

Sincerely,

Karen Cross
