INQUIRY INTO GREYHOUND RACING IN NSW

Name: Mrs Michelle Burgoine

Date received: 3/11/2013

The exploitation of innocent animals for the profit of a few needs to stop. This industry is objectifying the greyhounds and making them a commodity not a feeling, living creature. This thought process leads to the acceptance of behaviours I witnessed in Frankston Victoria, where greyhounds, no longer wanted for the track, for whatever reason, had their ears cut off, to make them untraceable and them dumped on the side of the road. They were found starving, hideously infected and obviously traumatised. This has to stop, dogs are not commodities, property or unfeeling object
