**INQUIRY INTO THE PRIVATISATION OF PRISONS AND  
PRISON-RELATED SERVICES**

**Organisation:**

**Name:** Name suppressed

**Telephone:**

**Date received:** 25/02/2009

---

Partially Confidential

To privatise the jails would change the way they're run meaning a lower level of safety for guards and prisoners alike.

Privatisation would mean cutting corners and allowing things to slip through the cracks. Cost saving measures to make the corporations that take control a profit would result in increased safety risks.

**NOT A GOOD IDEA!**
