

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 16/02/2013

Partially Confidential

My wife and I fully recognise that homosexuality is a natural phenomenon.
Whereas we have no issue with homosexual partnerships, we are against same-sex partners having children, adopted or not.

Therefore we are against marriage of same sex partners.
We feel strongly that children are best brought up in a hetro-sexual environment, with a father and mother as role models.
