Summary

## **Submission to Cross City Tunnel lodged by Leonie Blair**

Terms of Reference Section G -- TOLLS for NON-REGISTERED, CASUAL and INFREQUENT Users of CCT.

My Submission related to the process by which toll fees were determined and with what community consultation?

I am NOT REGISTERED and an infrequent user of the CCT and have been charged a sum of \$8.43 for a ONE WAY toll on two separate occasions in September and October.

I wrote to Customer Services at CCT and received an explanation and breakdown of the component costs which were:

\$3.53 ( the toll was \$3.53 until Oct 01)

\$1.60 Video processing fee

\$3.30 pass registration fee

I am not opposed to paying tolls, if I can see value for money, but this particular toll is TOTALLY AND COMPLETELY out of step with tolls on other motorways around Sydney.

What I would seek from this Inquiry is an explanation of by what process were these tolls determined originally, and how our government could countenance committing Sydney-siders to such extortion!
