

INQUIRY INTO LOCAL GOVERNMENT IN NEW SOUTH WALES

Name: Ms Suzanne Leslie

Date received: 29/06/2015

I want to maintain my representation on a community level where local issues and concerns can be addressed, while achieving economies of scale by sharing services with these close neighbouring councils. I therefore support what my local Council, the City of Ryde is proposing: for Ryde to stand alone and continue to deliver local services and address local issues, in addition to working in partnership with neighbouring Councils, Lane Cove and Hunters Hill on regional matters to achieve efficiencies through shared services.
