INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Brayden Porter

Date received: 30/01/2013

Every human life should be valued equally and given the same rights and respect, no matter their sexuality, gender, and social or economic stance. It is a violation of human rights to not have the option for gay marriage and our country is being held back because of our old-timely and morally misguided views on what we consider 'normal'.

I will stand for gay rights until the day I die, and you should to. It's not a matter of opinion, but a matter of every person getting an equal chance.
