INQUIRY INTO GREYHOUND RACING IN NSW

Name: Kriszta Barclay

Date received: 5/11/2013

Dear Director,

Pretend you're the Dog... How would you like to be treated for all you give humans??... Please don't let these beautiful animals suffer but bring dignity and respect into the industry. I know many will say it's all about economics, but it isn't. It is all about knowing you're doing right by all living creatures and getting rewarded by performance and loyalty in return... please don't short change them....

Sincerely,

Kriszta Barclay
