

**INQUIRY INTO PLANNING PROCESS IN NEWCASTLE
AND THE BROADER HUNTER REGION**

I wish to register my protest at the proposed truncation of the railway line at Wickham. I feel it is a backward step and not in the best interests of Newcastle as a city. Surely with the expertise and planning prowess we have in Australia there is a way that the journey to Newcastle finishes at the very impressive Newcastle Station. If Newcastle is to move forward there needs to be very brave and far seeing people at its helm.
