

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 16/02/2013

Partially Confidential

I am appealing to the committee to leave the definition of marriage as it stands, between a man and a woman.

Same sex marriage goes against all laws of nature, as you don't see two same sex animals in the wild trying to procreate. If we all went homosexual, the world would grind to a halt in 50 years.

The concept lacks logic and moral judgement and comes from a depraved mind.
