Miss Beverly Duffey;

As a neighbour
of Jowari National Park, Crown Lands
Department & the proponent Hendersons
I cannot state more STRONGLY what it
will mean to DESTROY - GLEN RANGE &
CASTLE ROCK by placing 11 X 150 MTR
high WIND TURBINES ON IT, these sites
are precious to the ABORIGINAL
"WONNARAH PEOPLE" who are the
original owners of these sites,
thier TOTUM the WEDGE TAIL EAGLE
is in DANGER of being cut to
pieces by the Wind Turbine
Blades, the CAVES & CASTLE ROCK
hold ARTEFACTS belonging to their
ANCESTORS isn't anything sacred
anymore, the beautiful WHITE
BOX WOODLANDS & all the ENDANGERED
FLORA & FAUNA will also be DESTROYED.

to let this happen you will
also be DESTROYING PEOPLES LIVES.
PLEASE think hard & long before
passing this as 60+ FAMILY LIVES
DEPEND ON YOUR DECISION.

yours faithfully
Carmelle Lyubery.
