INQUIRY INTO GREYHOUND RACING IN NSW

Name: Mr Mark Anderson

Date received: 5/11/2013

Dear Director,

Hello at Government Inquiry ,

Among dog breeds Greyhounds are one of the most gently affectionate, and sensitive, and, it is one thing to send those a bit too slow off to countries with little animal respect /rights, or no animal rights, and it is another thing to have these animals who have shown such loyalty, and affectionate respect, to their owners /handlers to then be put to death in unsubtle, and often not quick, and cheap, ways.

Please, to those conducting this inquiry, something must change,

yours sincerely, Mark Anderson
