Marriage by definition is the joining together of a man and a woman to support and compliment one another. This is the only form of marriage that has existed and is acceptable to many people. My Christian beliefs make it clear the Creator has meant family life to be as such. Please consider the children, every child deserves to have a father and a mother to provide a stable upbringing. Time has proven that the traditional family ensures a sound nation. If it's not broken, don't fix it!!
