I wish to OPPOSE CHANGING THE DEFINITION OF MARRIAGE to include same sex relationships. Marriage is strictly between a man and a woman so that children can be produced, then loved and nurtured, hopefully by that same man and woman. Childrens' human rights to know their biological male and female parents must never be taken from them.

There can be no reproduction between two males or females, and whilst there can be a fondness and friendship and sexual play between same sex partners, the outcome can never naturally produce another human being. I strongly oppose changing the definition of marriage to include same sex partners, marriage is between a man and a woman ONLY.
