

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mrs Patricia Parker

Date received: 7/02/2013

I understand that the proposed Bill is a Federal, not a State issue, and I believe that it needs to be addressed Federally by a proper Referendum, by all Australian Voters, not by limited Opinion Polls.

I also believe that the best interests of children are provided in the traditional Marriage, a committed one man, one woman relationship. In my opinion, children need both styles of parenting, from both Mum and Dad, and the stability it provides, to help them grow into balanced, responsible adults.

In view of the above, I believe the definition of Marriage should stay as it is at present.

Thank you for considering my submission.

Yours sincerely,
P. Parker.
