

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 30/01/2013

I don't need a long an intricate submission to say this is about equity for all.

I'm a concerned NSW resident who believes a secular society should treat all adults equally. Until we legalise same sex marriage we are a long way from that.

Religious beliefs are for the believers and have no place in setting laws that apply to ALL of society.
