**INQUIRY INTO EDUCATION AMENDMENT (ETHICS  
CLASSES REPEAL) BILL 2011**

Dear Fred Nile,

I was very concerned to learn of the bill that is being proposed in parliament replacing scripture in school with ethics classes. I believe there should be equality of thinking and decision. If students would like the opportunity to learn about God and not just ethics there should be place for this. Please add my letter to the support of scripture in school.

Yours sincerely

Diana Budge
