## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

**Name:** Mr Lionel Willis

**Date received:** 8/02/2013

---

True marriages means the life long union of a man and a woman with a view to the procreation of mankind. It is intended to provide a stable environment for raising children of the union. In this light "Same sex marriage" does not make sense. Two men or two women cannot produce a child of the union, or bring up a child in a normal father/mother environment.
