THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR

Name: Mr Henry Tadevosian

Date received: 15/10/2008

As a young adult, nothing would give me greater pleasure than to be able to use public transport to get to and from work. Buses are completely unreliable these days, you might as well not even have a bus timetable as they are never on time! Sydney commuters are down to the level where you just have to go to the train station and wait for a train to come. The time for change has come and passed. Make this the one positive thing that comes from the state government.
