**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Name: Ms Julie Vojneski

Date received: 28/02/2009

In a democracy such as Australia, we would feel much safer if our prisons were operated by our democratic government, instead of a profit driven private multinational. No government should sell off any Public asset or Public service without a mandate given to it, by the rightful owners of these, the people of NSW. The government is only a custodian of the Corrective Services we the People of NSW are the rightful owners. Hands off our prisons. Our prisons are not for sale!
