INQUIRY INTO GREYHOUND RACING IN NSW

Name: Name suppressed

Date received: 6/11/2013

Partially Confidential

I support an end to greyhound racing which is an unethical cruel sport. It puts animals at high risk of injury, racing against other animals in close proximity at high speeds. The slow dogs who don't win races are disposed of in cruel ways by trainers or euthanased en masse by vets, which is not ethical, as the animals are perfectly healthy. The racing of greyhounds also promotes gambling which brings many problems for society. Greyhound racing needs to end.
