INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Brenda Martin

Date received: 29/10/2013

Submission from Brenda Martin.

I am a clerical worker and married to Shane Eades who is a keen race attender and I enjoy going to the meetings with him particularly the greyhounds because the people are so friendly and the sport is very inclusive. We are also members of the ATC and find the people there a bit reclusive.

The greyhounds give a lot of people a lot of enjoyment they have been performing for centuries and would be a pity if we lost this cultural gem especially since the struggles to have greyhound racing in Australia took place in NSW.

Regards
Brenda Martin,
