## **INQUIRY INTO GREYHOUND RACING IN NSW**

**Name:** Ms Sharday Hoppe

Dear Director,

I'm not asking for some miracle or that these greyhounds get special treatment over any others. I am merely asking they get the lives and good treatment they deserve. Something must be done to respect these animals and stop putting a bad name to the greyhound racing industry. Life should never = money and the sooner we follow human morals and take a step forward to treating these animals with dignity the better!

Sincerely,

SHARDAY Hoppe
