

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

The Social Issues Committee,
NSW Legislative Council.

I would like marriage to remain the union of a man and a woman. I do **not** agree with same sex marriage.

We need the stability of a committed union of a man and a woman in marriage to best raise children to be responsible adults. Mothers and fathers parent differently and children need both approaches to have a balanced identity.

Thank you for the opportunity to submit my thoughts.
