## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

**Name:** Mrs Sally Dover

**Date received:** 13/02/2013

I would appeal to our government to resist the pressure to alter our marriage laws. Marriage is a unique covenant agreement between a man and a woman designed for the contentment of both and for the creation of a home to raise happy well adjusted children. Both a mother and a father are important and those of us working with dysfunctional families can verify this. Please don't change our marriage laws
