PROPOSED SALE OF SNOWY HYDRO LIMITED

Organisation:

Name: Mrs Julie Jordan

Summary

I request that the NSW government would not sell off the Snowy Hydro Ltd. It belongs to the people of our state, paid for by the taxes, and the blood, sweat and tears of the previous generation, who have bequested a legacy to future generations. It is part of our national heritage, and as such should be preserved for the use of the people for generations to come. Such a decision will surely be detrimental to future generations, and will be judged as short-sighted and foolish.
