Door Sir or Modern
all trains except the Really, XPT and the Explorer stopped
at nowcessele for she lost 80 years so why she charge Toaple from Dungog or Score how
ite Renne centy for John Hinter Trafator officientments and Second ones can get officit
new-calle at 3 - C in AM law eve slafform and catch a bas across the road it go it form
Thanks Thospile and come back to come some. The Score shain gets the Weekham at 5-00 AM
alin only 4 mendes to newcentle. I getter have to have alternative transfort from
weekbom to nowcostly she time would be a lat larger and a timesome day for some Int
alams fanny that the realizery slopp are not allowed to have any say on those factures
or the matter. The pawers to be don't any what advance ways are availably to go
to newcasel from "Weekham and are signe lifted to what shere plans are "while we
have the more survere to now content there is was burns and cars on the good 70 afree a ver
down to newscally you have the framels to find a ver fork and along could be more cars
on the rood I would say love the line of an to new as as now, The rail line
from weiksom to reveale is done so why set it and waste money on alternative ways
year ago the class from the county woold go throught in to reveatly would
reverage the engine and hack the 36 can sterm engers on the atta and you could go
out backmonds on your way to &going, Fater on the aclantican sake she had Reach, XPT
and Explorer did not go inco remeable but slifter at Broadmeday. In the summer time she
people from the county coold go to revocal to the beach and anyoy chemples and come back
3-R come
