Partially Confidential

I am a parent from Tottenham Central School. I am astounded at the ridiculous waste of money that is our new BER canteen. Our school requested a science lab, was promised this and a bonus canteen for our BER project, and have ended up with only a canteen that is too small to be functional, has no food preparation facilities, and is useless as anything but a store room - for a price of \$600,000. A terrible waste of taxpayer money, and nothing educational for our kids.
