**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

I believe that it would be in the Prisoners and the Staffs best interest to NOT privatise the Prison System. Privatisation can result in cost cutting and job losses. Privatisation can also effect how Inmates are looked after and as a Nurse I feel this is a very important point. Staff may also be at a much greater risk as Inmates become distressed with the way they are being treated.
