

## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

I wish to state my disapproval of the moves towards legalising same sex marriages. One of the Christian principles on which Australia was founded in the beginning, was the fact that marriage is between a man and woman. Same sex relationships are unnatural and unwholesome. Recognising them as legitimate and allowing the adoption of children is unnatural. Mothers and fathers have different roles in the home, one complements the other. In a same-sex marriage when children are adopted, the child misses out. In some cases the adopted child of a same-sex marriage may be discriminated against by other children.

Sincerely,

Grace J.Dixon\
