Summary

I fully support the request of Snowy Hydro Inquiry Chairman Gordon Moyes in ALL efforts he makes in this inquiry as per NSW law. even though I am no longer a resident of NSW, I was born and resided in NSW for most of my life and remain loyal to the state of NSW. I am of the experience of the NSW government responding to serious issues in an unappropriate time frame, showing no transparencey and using handballing tactics to ignore serious issues. The NSW government is encouraged by myself to attend to serious issues such as the Snowy Hydro Inquiry immediately and with correct attention needed to this serious issue as I support any serious issue of the NSW government.

Sincerely
Tracey Lee (no registered surname)
