Having just celebrated 60 years as (one) man and (one) wife let me/us state that if ever a marriage was made in heaven ours was/is. And that's because God ordained that a man leave his family and cleave only unto his wife - this principle has proved invaluable for countless generations and among many cultures. As a result of our union we have three very well balanced educated and brilliant children and two grandchildren all of whom have had the benefit of both parents bringing a balanced aspect to their lives also. PLEASE don't change the marriage laws as they now stand!
