I have to ask the question, is management aware of just how many inmates in State run prisons want to go to privately run Junee because because drugs are allegedly much easier to obtain? Secondly why do we have or even need 4 or 5 assistant Commissioner's all pulling in obscene wages when the previous Commissioner only had one assistant? How many Governors or General Managers as they are now called sitting around in offices pulling in massive wages with no postings? Why are inmates being bought black out curtains, barbecues, billiard tables and ping pong tables to the tune of thousands and thousands of taxpayers dollars if the department is fiscally responsible?,,,boxing equipment is not conducive to inmate rehabilitation. What bonus can Mr Woodham expect for implementing these misguided reforms, I heard in excess of a million dollars, is this true?
