## INQUIRY INTO GREYHOUND RACING IN NSW

**Name:** Name suppressed

**Date received:** 6/11/2013

---

Partially Confidential

Too many healthy, gentle greyhounds are destroyed every year simply because they are not fast enough for the racetrack. This should not be accepted and the racing industry must be held accountable for what happens to the dogs they breed so many of.

Greyhounds a loving, gentle dogs. They do not choose to be exploited for money or killed because they do not make enough.
