No 2**

**INQUIRY INTO MANAGEMENT OF PUBLIC LAND IN  
NEW SOUTH WALES**

**Name:** Dr Joanne Warner

**Date received:** 15/05/2012

---

I am very concerned that National Parks are under threat and agree with the CEO of the National Parks Association that the terms of reference are 'outrageous'. I have actively fought to support the inclusion of many of the areas into the National Parks and Conservation schemes that are currently within this review, including the Red River Gums and wetlands. This is a legacy for future generations and must be preserved for their longer term benefit, not short term political and economic gain.
