INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Samuel Olival

Date received: 15/02/2013

In the word of God it says marriage is between a man and a women, so I believe marriage is between a man and a women FULL STOP!

Why else would God have created male and female, he made male to love female and female to love male.

To multiply or to say you want children, to make this possible you need a sperm from a male plus an egg from the female.

Not two sperm and not to eggs.
