State Development - Tillegra Dam site at Dungog

To: <statedevelopment@parliament.nsw.gov.au>

Date: 8/21/2012 7:08 AM

Subject: Tillegra Dam site at Dungog

How many more years are the people of the Williams Valley to be subjected to the bloody minded nonsense about this dopey proposal? The Dam has been rejected on almost every count that exists, over more than half a century, and yet our so-called "planners", or, more accurately, bureaucrats, will not get past this discredited, and found to be wanting (many times) idea. This scheme has turned Dungog from a self sufficient, self reliant, vibrant community, into a mendicant, dependent on Govt. grants, bickering, underfunded, very often unhappy one. DO YOU NOT CARE what you are doing to our very existence in this Valley.

Tom Boorer
