INQUIRY INTO GREYHOUND RACING IN NSW

Name: Mr Allan Elliott

Date received: 6/11/2013

To : Legislative Council Select Committee on Greyhound Racing in NSW

Date: 3/11/2013

Submission Heading - Sky Channel

Relevance / Terms of Reference - (a) any other related matter

What I would Like to Say:

Sky Channel always favours horses and trots (in particular) while the dogs run a poor last for coverage. There is not enough media coverage in the papers and on the radio (2157) why should the battling code of the racing industry (greyhounds) have to pay extra money to have Sky 2 so owners can watch their dogs race.

Yours Sincerely

To : Legislative Council Select Committee on Greyhound Racing in NSW

Date: 3/11/2013

Submission Heading - Insufficient Prize money

Relevance / Terms of Reference - (a) Economic Viability of
the Greyhound Industry in NSW

What I would Like to Say:

- Increase Travel Allowance because of the increased costs such as petrol and wear and tear to your vehicle, fares into the track, dinner and preparation of dogs to race i.e. vet fees, trailing etc.
- There should be prize money from 1st to 8th places instead of just increasing the group races.
- There are no incentives for young people to become involved in the sport.

Yours Sincerely
