**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Name: Name suppressed

Date received: 25/02/2009

Partially Confidential

As we face recession or 'close there of' at the very least, more than ever before, we should be increasing government staffing levels (front line workers that is) or at the very least ensure we maintain the current status levels. Privatisation of any state prison is a very bad idea.

Now is the time to build and staff more government facilities. More police/ambulance/fire stations, more prisons and please, more hospitals. Now is the right time and place.

Our state will suffer in the very near future if you don't.

Privatisation of state assets which employ large numbers is a very bad idea indeed. There are no benefits to do this.

Please! look to the future of NSW.
