

## INQUIRY INTO GREYHOUND RACING IN NSW

**Name:** Name suppressed

**Date received:** 6/11/2013

---

Partially Confidential

I do not in anyway support greyhound or horse racing. I have rescued and adopted two beautiful, loving, healthy, gentle greyhounds into our family. They were both dumped at vets to be put to sleep.....for no other reason than they were of no use to the trainers/owners as they were not fast enough!

The thing that upsets me the most is that I can only save two! I can try and educate as many people as I can about what great pets they make.....but the problem lies in the fact that there are just too many being bred by the racing industry and most of them get PTS because they are either not suited to racing, not fast enough or they get injured!

We can't keep letting this happen! Where is the regulation? where is the accountability? Where is the humanity?

Horses and greyhounds are dying.....DYING for no other reason except for greed, money and gambling! The mass wastage of these beautiful beings is an atrocity and we as a society and as human beings should be disgusted!

We need to stand up for those animals that don't have voices but have the right to so much more than what they get now....death!

End greyhound racing
