

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 15/02/2013

Partially Confidential

To Whom it May Concern:

I believe that the basis for a healthy society is a healthy marriage, and that this is between one man and one woman. Watching the moral decline of our wonderful country saddens me, and one way of at least slowing this decline I believe is to support, encourage and assist this type of marriage in which to raise children.
