**INQUIRY INTO NSW WORKERS COMPENSATION
SCHEME**

Name: Mr Neil Miller

Date received: 22/05/2012

workerscompinquiry - Fwd: workers comp.

Dear Sir. I can't believe the Government is thinking about reducing workers compensation. You can clearly see the worker cops the short straw every time. I have worked in a coal mine for the past 23 years and have had a number of injuries which put me off work for months, not weeks ,and some of those injuries have turned into arthritis and affect me a lot in my sleeping and the sport i play. I am against reducing workers compensation and I think we should fight against it at any cost.

Yours sincerely Neil Miller
