**INQUIRY INTO THE PROVISION OF EDUCATION TO
STUDENTS WITH A DISABILITY OR SPECIAL NEEDS**

Name: Ms Marcelle Powell
Date received: 22/01/2010

Councils still need to address appropriate access to all areas for wheelchair bound people as well as other people with a disability. Adequate funding is limited. More money needs to be poured into assisting the set-up of work places for people with a disability. I personally would set up a work place for young school leavers to get work if the I had the funding. People with a disability need to feel more valued and be given more of a sense of belonging.
