INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Dr Robin Hall

Date received: 10/02/2013

Since the beginning of time marriage has been the union between a man and a woman. It is within the context of such a stable social relationship that children are raised to responsible adulthood. Children require the input of both a father and a mother in order to develop a balanced identity. The input of two fathers or two mothers can only be skewed. Marriage must remain a union of a man and a woman.
