INQUIRY INTO USE OF CANNABIS FOR MEDICAL PURPOSES

Name: Name suppressed

Date received: 17/02/2013

Partially Confidential

To whom it may concern

I am writing this email hoping it will help me live a better life. I have been medicating with cannabis from 1990, it is now 2013 & I still medicate using cannabis. My health professionals advise me to smoke yet none will admit to it. My psychiatrist tells me to grow cannabis, because I tell him I don't want to deal with dealers, so I removed myself from mainstream society. I wish I could have a meeting with someone to express my case, my story is long, it starts with me being a victim of child sexual abuse and an unjust justice system & me being a self-destructive person, Cannabis keeps me balanced, calm & sane... LEGALISE CANNABIS

Thank you
