INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Nicci Cowle

Date received: 6/11/2013

Dear Sir/Madam

I have been a firm believer that the Grey Hound Racing should be stopped in our country. The ABC's 7.30 report has brought light to the general public about the barbaric use and treatment of these beautiful animals, it is time that these practises are stopped. Not just making harsher penalties to the industry but to make the industry illegal. In this day and age humans have enough to do for entertainment then betting on dogs running around a track for our amusement. As a society hate animal cruelty but yet we turn a blind eye to the gambling industry who can be the very worst offenders. I beg you please look at the laws again and lets give a voice to the innocent animals who desperately need our help.

Kind regard

Nicci Cowle
