Re: Review of the exercise of the functions of the WorkCover Authority (Inquiry)

The primary concern of our Union is the safety and wellbeing of our members in whatever industry they work.

We represent approximately 9,500 members in the coal mining, power and petrochemical industries in New South Wales. Most of our members work very demanding jobs, generally on rosters that cover 7 days a week.

The CFMEU Northern Mining & NSW Energy District formally writes to support the submission by the NSW Branch of the Construction and General Division of the CFMEU dated 31 January 2014, and in addition we also support the submissions compiled by Unions NSW.

Yours sincerely

Grahame Kelly
District Secretary
