Dear Sir / Madam

My submission is based upon the foundational principals found in the ancient documents commonly known as the Bible. In these documents the act of marriage forms a God given example for mankind of the importance of having only one God and heavenly father. In order for us to fully comprehend this vital aspect of one people submitting to one God, God Himself made a woman for a man. The purpose was not only for companionship but to populate the earth. The Lord Jesus Christ confirmed this when he spoke about marriage as defined in the Old Testament as one man for one woman. To redefine marriage beyond the boundries of one man for one woman is an act of defiance against God Himself and will bring consequences not only upon those who participate in homosexual union but according to the New Testament Book of Romans, the apostle Paul warns that even condoning the act of homosexual union will automatically sweep those people into the area of condemnation from the Almighty. To proceed with any changes to the act of marriage that until now has always been defined as one man with one woman will be to bring our states detriment. God will not be mocked. My recommendation to all those sitting on committees looking at this proposed change to our present law is to proceed cautiously while at the same time seeking the counsel of the Lord Jesus Christ.
