**INQUIRY INTO CLOSURE OF THE CRONULLA
FISHERIES RESEARCH CENTRE OF EXCELLENCE**

Name: Ms Kris Wyld

Date received: 30/07/2012

As a citizen and voter in NSW I am concerned about the loss of fisheries management expertise that will likely accompany the closure of the Cronulla Fisheries Research Centre. I have also read that no planning or analysis was undertaken prior to this decision which concerns me considering the value of these fisheries. I ask the Upper House to thoroughly investigate this decision and if it proves to be a bad decision then please do all you can to stop it.
