INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Brooke Dodson

Date received: 5/11/2013

Dear Director,

I feel that every animal deserves the right to a safe and healthy life, and if grey hound racing is causing animals to suffer I do not support that kind of industry.

If an animal can't race at its best natural ability, then they shouldn't be drugged to do so.

There are loving people who would love that animal regardless of how they race and these animals shouldn't be put down.

Sincerely,

Brooke Dodson
